

Waterloo Field Target Club

Volume 4: Number 2

July 2000

I wish to announce that due to a heavy academic schedule, I will no longer be part of field target after our 2 day match, August 5 & 6. Hans will be continuing on and will require considerable help with the set up and administration of matches. Please volunteer your services where possible. Thanks to all who have helped me in making past matches a success, Fred.
