

Waterloo Field Target Club  
Match results from September 10, 2000

The weather report was for partly cloudy conditions, followed by afternoon showers. The rain did not arrive, but fog in the morning and high humidity definitely did arrive. The temperature was quite comfortable however, so it made for a good shooting day. The course was all laid out in the bush, with targets ranging from 10-54 yards. There were 12 shooters in the open class and 2 shooting piston.

At the lunch break, in open division, there were 3 shooters with at 29 or 30 out of 30. At the end of the day there was a tie at 55/60 in the Open A division. Tim MacSweyn was declared the winner on the basis of the longest unbroken string of hits and Rick Willaert was second. Dennis Eden, with a 47/50 was awarded top honors in the Open B division. In the piston class, George Harde, prevailed with a score of 49/60.

A brief meeting was held after the match to discuss plans for future matches and possible rule changes. Our open division is just that, open. Straps, bi-pods, shooting cushion or any other devices are legal. Since the winners seemed to be split between those following AAFTA guidelines and those who do not, we decided to leave our rules as there were, open. We are the only FT club I am aware of in Canada, so for now I guess, we represent the Canadian way. We have had a couple of US shooters that have come up to the club and had a good time. All are welcome. We will post the schedule of matches for next season as soon as it has been finalized.

**Waterloo Field Target Club Match Results from September 10, 2000**
