

Waterloo Field Target Club September 18, 2005

We had an absolute, made to order, late summer day. The temperature was in the mid seventies, with a very light breeze and the humidity was down. Perfect! The turnout was good, as twelve field target shooters took part and four hunter class shooters.

We set up the field target course on fifteen lanes with two targets per lane and two shots per target. The hunter course targets were set on the same lanes, with one target per lane, placed between ten and twenty yards and three shots were taken at each target. The total for the FT course was sixty and forty-five for the hunter course. We scored the hunter course with one point if the target fell and a half point for a face hit. We had a few problems with targets and all shooters were simply awarded hits on those targets.

In the hunter class, all scores were quite impressive. Jordan Jackson was as steady as a rock and took top prize, followed by Sean McEwan who I had the pleasure of shooting with. Lisa had shot an impressive score using iron sights and Chris Drews made a very good showing in his first match.

In the PCP field target division, Mike shot near perfect for first place, Don Irvine was only a shot behind and Magdy rounded out the top three, also with an excellent score.

Danny Reginato was the top shooter in the piston field target class, followed by George Harde and James Jackson. Josh Jackson and Zach Harde show improvement with every match they shoot. Shooters are looking over their shoulders at these two already.

We have one more regular sixty shot match on October 16th and are hoping for some great fall weather. I am looking forward to a great turnout for our season finale.

Tim M^{ac}Sweyn

*Set up lanes. Thank you!

Shooter	Gun	Scope	Pellet	Score /60 T-Diff 28
PCP FT Class				
1) Mike Ferrara*	AA NJR	Leupold 18-40	Baracuda M	59
